UTX, YOUR TRUSTED PARTNER IN SHALLOW DREDGING EQUIPMENT

PRODUCTS AND ACHIEVEMENTS

AMPHIBIOUS EXCAVATOR AT120ER

Ultratrex Amphibious Excavator is specifically designed to operate on soft terrain such as swamp, wet land, shallow water and can float on the water with the added safety feature.

Ultratrex Amphibious Excavator AT120ER is a medium size amphibious excavator that can travel and work safely and effectively. Ultratrex manufacture amphibious hydraulic undercarriages specifically for excavator ranging from 12 to 50 ton excavators.

Our excavator are suitable to work in newly developed projects and dredging activities.

UPCOMING EXHIBITION!

Come and greet us at the 33rd Edition of BAUMA Exhibition on October 24th to 30th, 2022 at Munich (Germany).

We are looking forward to meet and welcoming all our visitors from around the world.

See you there!

New date: October 24-30, 2022

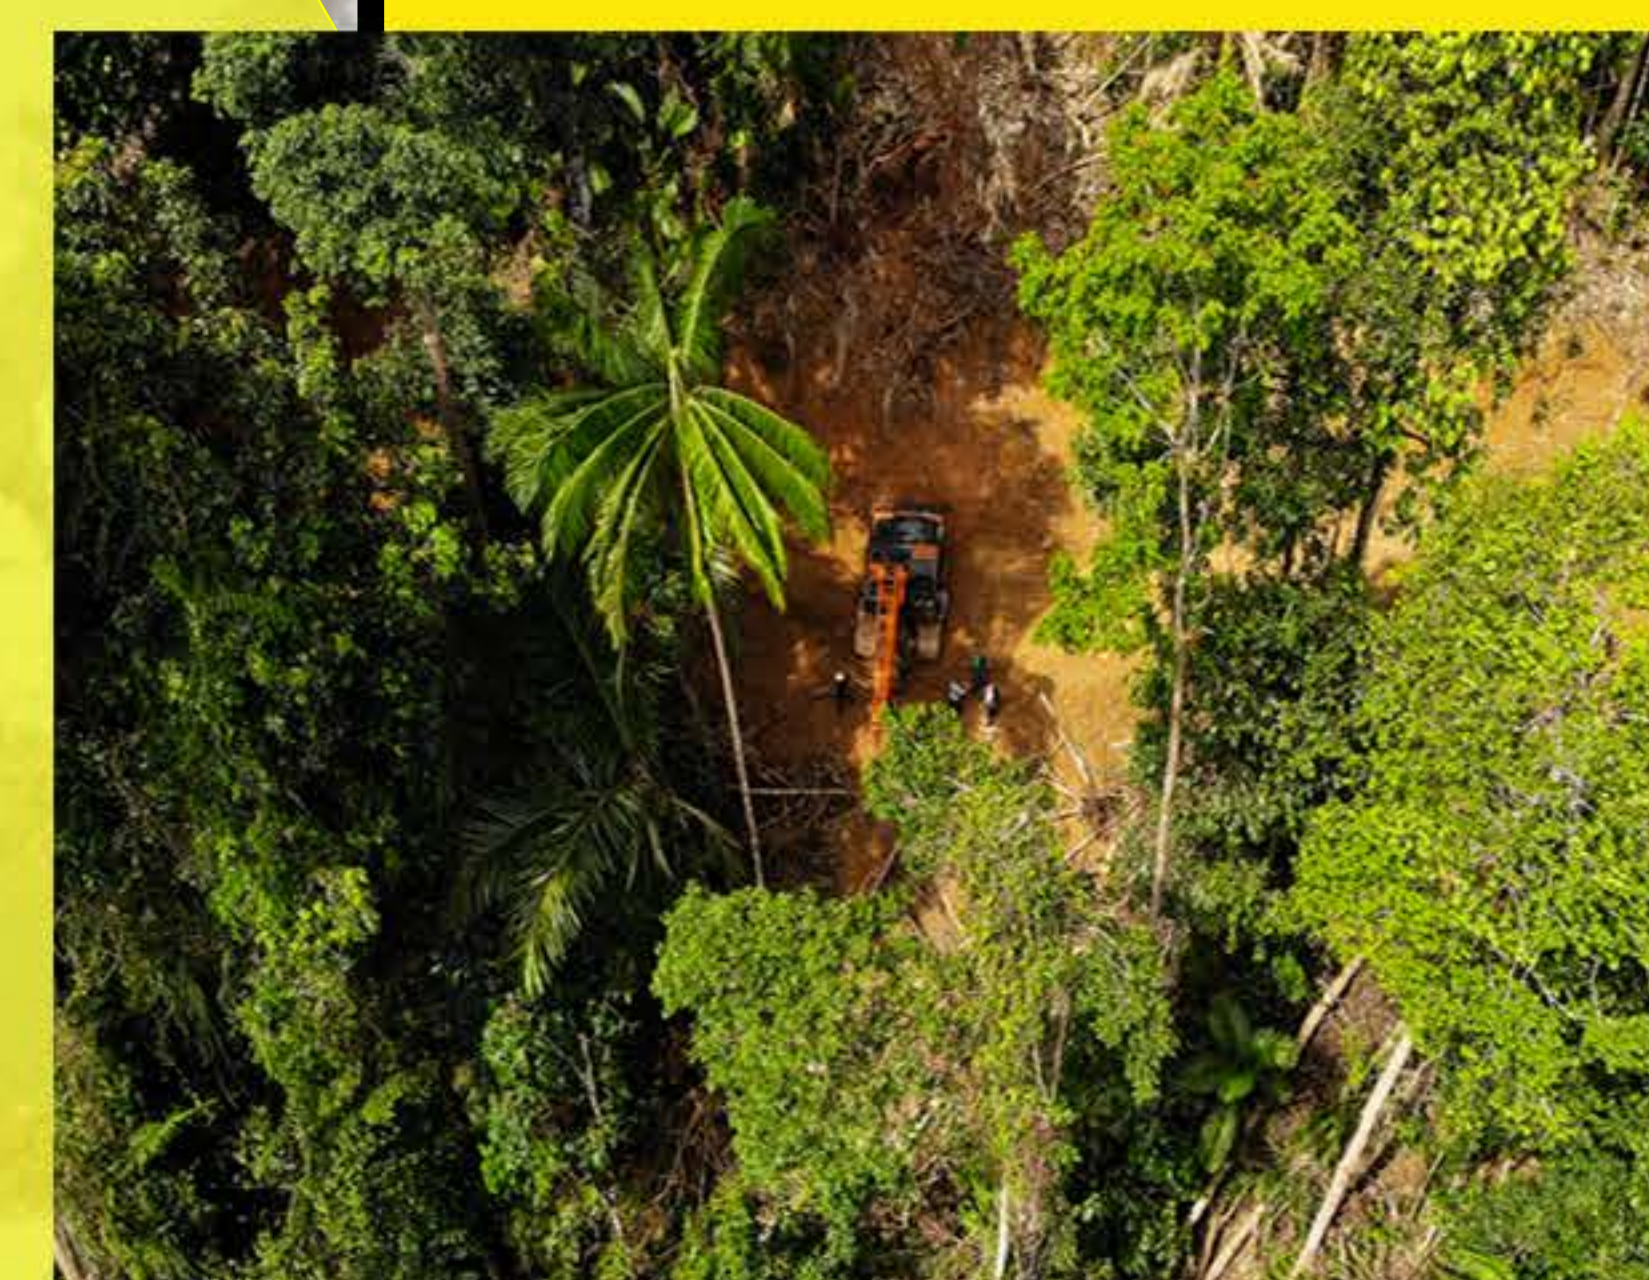

COMING SOON!

LOG MASTER

We are proud to announce that we will be launching our latest Log Master in June 2022, an environmental friendly and fuel saving machine on logging.

It's an excavator with special designed boom/arm with hydraulic winches to pull the logs from the hill slope. Thus, eliminating the damaging impact on environmental.
