

Jakarta Mining Expo 2025

We had the privilege to attend the Mining Event in Jakarta, where we had the opportunity to meet with many valued customers and industry partners. The event was not only a great platform to showcase Ultratrex's solutions, but also a chance to exchange ideas and discuss future collaborations. Spending time with our customers was truly rewarding—we shared experiences, listened to their project needs, and received valuable feedback that will help us continue to improve. The atmosphere was filled with positive energy, and the meaningful connections we built made the event a memorable experience for our team.

We are grateful for trust from our customers, and we look forward to creating more success stories together in the amphibious excavator industry.
